PROFILE DECORATIVE ȘI PANOURI DIN POLIMER

Soluții elegante, durabile și rezistente la umiditate pentru design interior modern.

REZISTENT LA APĂ ȘI UMIDITATE

Suprafață specială care împiedică pătrunderea apei.
Datorită acestei structuri impermeabile,
își păstrează perfect forma și culoarea chiar și
în medii cu umiditate ridicată.

WATER AND MOISTURE RESISTANT

It has a waterproof structure. In this way, retains its
shape and color in humid environments.

REZISTENȚĂ LA IMPACT

Datorită structurii sale flexibile și robuste,
produsul nu se rupe, nu se fisurează și nu se
deformează la impact.
Menține calitatea și aspectul estetic pentru mulți ani.

IMPACT RESISTANT

Flexible and robust structure will not break,
crack or crush when impacted. Remains
high quality and beautiful for many years.

POATE FI VOPSIT

Datorită suprafeței sale tratate special, profilele pot
fi utilizate ca atare (în culoarea de fabrică), sau pot fi
vopsite cu ușurință, în funcție de paleta de culori
a proiectului dumneavoastră.

CAN BE PAINTED

Special surface of our products through can be
painted and used

MONTAJ SIMPLU ȘI RAPID

Permite o aplicare extrem de practică și curată
direct la domiciliu sau la locul de muncă,
reducând considerabil timpul de instalare.

EASY ASSEMBLY

Easy assembly through you can apply it
practically at your home or workplace.

ECOLOGIC ȘI RECICLABIL

La sfârșitul ciclului de viață, materialul poate fi
complet reprocessat pentru a crea produse noi.
Acest lucru reduce cantitatea de deșeuri și sprijină
sustenabilitatea planetei.

RECYCLEABLE

Can be reprocessed to make new products
when its useful life is exhausted. In this way,
the amount of waste can be reduced and
recycled again.

PROTECȚIE ÎMPOTRIVA BACTERIILOR

Datorită structurii sale polimerice dense,
este extrem de rezistent la dăunători, mucegai,
ciuperci și bacterii. Astfel, protejează igiena și
sănătatea spațiului dumneavoastră de locuit.

PROTECTION AGAINST BACTERIES

With its polymer structure, Resistant to pests
such as mold, fungus and bacteria. For this
reason, it protects the hygiene and health of
your home.
